Constitution Should Grant Absolute Reform.

"The most important reforms in the new state constitution should be the granting of absolute home rule to the cities; the right to draft their own charters, and the right to fix the salaries of their employes," said Mayor Mitchel at the discussion on "What Should Be Embodied in the New State Constitution," at the Republican Club, yesterday afternoon.

"The most important reforms in the new state wards absolute home rule to the granting of absolut

we have been by a strong atternoon.

"The right to draft their own charlest the sign granted to the cities in Ohio," learned that northwed the Mayor. "The constitution of that state permits the city, by a referendum vote, to appoint a committee, which drafts the charter presented to the people for adoption."
